COF Art Classes will encourage your children to delve into their imagination and develop their own personal style as they paint and create, whether they are a beginner or have previously acquired skills.

Art education teaches students visual literacy - how to interpret, criticize and use visual information to make choices based on what they see. We use a variety of materials and techniques in our classes. Art education strengthens problem solving and critical thinking skills and develops a sense of innovation which is important for people of all ages!
